

CORPUS CHRISTI CATHOLIC CHURCH

PROJECT SPECS:

- **Project Scope:** 19,000 square foot catholic church in Celebration, Fla. Includes custom architectural fixtures and finishes designed in Italy and an exterior designed and built to meet Celebration Community Development District requirements.
- **Size:** 19,000 sq. ft. and 90 tons of cooling
- **Schedule:** 7 months
- **Systems:** Six high-efficient Trane rooftop units with hot gas reheat for main sanctuary, three 2-speed DX split systems for small church chapel, and one energy recovery ventilator for outside air and exhaust. Systems incorporate DDC controls with graphical interface and dial-in capabilities and custom architectural grills for aesthetics.
- **General Contractor:** Brasfield & Gorrie
