

ENERGY AIR, INC.

Nobody Works Harder

EDUCATIONAL FACILITY PROJECTS

Energy Air specializes in performing the entire HVAC scope for educational facilities. We've been in business since 1976 and have completed more than 50 successful school projects including K-12 as well as higher education facilities. We provide a level of expertise combined with extraordinary service that is unmatched by other mechanical contracting firms. Our exceptional financial standing, top safety record, highly trained field team and proven track record when it comes to budget and scheduling, make us the #1 choice for your project.

"Thank you to Energy Air's team for providing exceptional service from start to finish on the three recent school projects. Each was exceptionally difficult in regards to working during school hours and the summer break window. All three projects were on schedule and heavily coordinated." ~Kevin M. Spiess, Project Manager, WALBRIDGE
