

# PROJECTS

## MAITLAND SUMMIT III

*"I would like to personally recommend both the company and their people as an exceptional business partner for any project you may have. Energy Air's expertise in preplanning, project management, field forces, quality and execution are second-to-none. The strong work ethic and customer orientation is carried by each person you will encounter in the company. Your project will benefit greatly by your selection of Energy Air."*

~Sean Sweeney, Senior Project Manager, Brasfield & Gorrie

### PROJECT SPECS:

- **Project Scope:** Seven-story, 225,000 square foot office tower designed under LEED Gold Certification guidelines.
- **Schedule:** 12 months
- **Size:** 230,000 square feet
