

OFFICE PROJECTS

ENERGY AIR, INC.

Nobody Works Harder.

Energy Air specializes in performing the entire HVAC scope for a variety of office projects, including complete office parks, corporate headquarters, municipal buildings, tenant build-outs and more. We've been in business since 1976 and provide a level of expertise combined with extraordinary service that is unmatched by others. Our exceptional financial standing, top safety record, highly trained field team and proven track record when it comes to budget and scheduling, make us the #1 choice for your project.

"Both field forces and management team demonstrated how Energy Air was not only committed to finishing the project on time, but was also committed to ensuring the owner's needs were met. It is my pleasure to be associated with Energy air and I look forward to working with your firm on upcoming projects."

Eric Rainville, Project Manager R.C. Stevens Construction Co.

Family-owned and operated since 1976

\$40 million bonding capacity

Trained field team
